***THE IMPORTANCE
OF
INDUSTRY
PLACEMENTS***

INDUSTRY PLACEMENTS

A structured practical work experience programme designed to give students hands-on experience in their chosen fields

To complete an industry placement a student must:

- demonstrate sufficient progress towards their learning goals
- work directly with an external employer
- have been on placement for a minimum of 315 hours (approx. 45 working days)

They are underpinned by important core principles:

1. Provide the opportunity to work with an external employer, undertaking real work.
2. Enable the student to apply and develop the technical skills and knowledge learnt in the classroom
3. Take account of student readiness for the workplace.
4. Support progression into skilled employment
5. Take place in a supportive environment
6. Be accessible for every student

WHY OFFER AN INDUSTRY PLACEMENT?

Talent pipeline for the future

Good for your reputation

Fresh ideas from the next generation

A way to fill skills gaps now and in the future

A chance for staff to develop supervisory and mentoring skill

Build a more diverse workforce

Improve the profile of your business
